Thanks Aaron.

Could you confirm if the text and plots under "Contaminant Distribution" on page 12 through page 16 mirrors what is in the 11 principles memo.

Hi Jen, Diane, and Beth

Attached for your review is the CSTAG memorandum (a WORD file with track changes and a WORD file with track changes removed) prepared by CDM Smith/HDR as you requested. The file was revised in response to EPA comments received on the initial draft, which was submitted on January 18, 2018. Also attached is the *List of Studies and Surveys Used in Lower Passaic River Study Area 17 Mile Remedial Investigation and Feasibility Study*. The list is referenced in the memorandum and is unchanged from January 18, 2018.

You will be reviewing all the edits, but the last section, Summary, I am calling out here, because the section is new. The section was added in reply to a comment from you (Jen) and Alice. Perhaps you want to ensure the intent of the comment was met and if you/Alice agree with the language.

Reply or call with questions.

Thanks,  
Aaron
